Meet TeachFX

TeachFX helps teachers create more meaningful, equitable conversation in their classrooms.

Reflect on your experiences as a student in elementary, middle, or high school.

What class were you most vocal in and **why do you think this occurred?**

Our Professional Learning Cycle

How can we get students to **share** their thinking on a deeper level?

How do we create space for students to **think**?

What **questions** get students talking the most?

What is your vision for great teaching & learning?

- What practices do you **want** to see this year?
- What would you like to see **teachers** doing?
- What would you like to see **students** doing?

How have you seen *your* vision for teaching and learning in your classrooms?

- What did you see **teachers** doing last year?
- What did you see **students** doing?
- What was **missing**?

3

ASK

What strategies do you use to support your teachers in realizing your vision for instruction?

How effective are these strategies in creating *meaningful change*?

LINK

What are the *challenges* you face in supporting teachers?

**NO SLIDE SHOWING
NOW**

What if teachers drove their own observations & feedback?

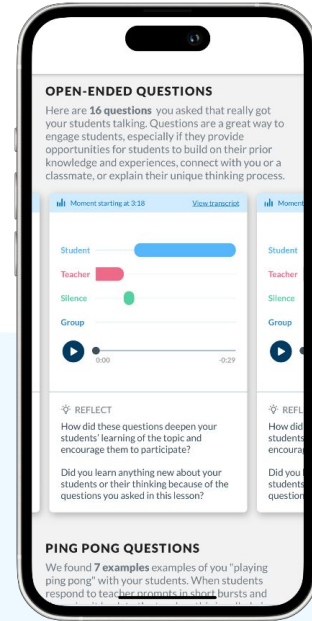

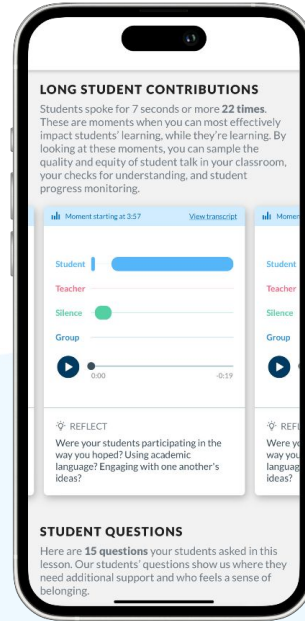

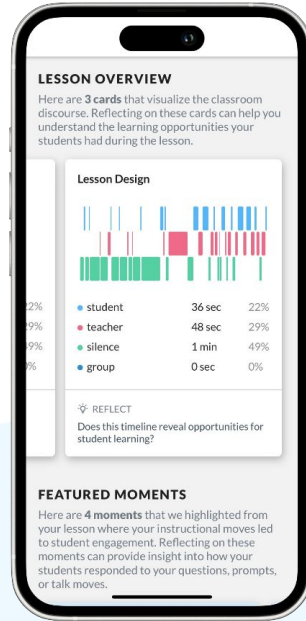

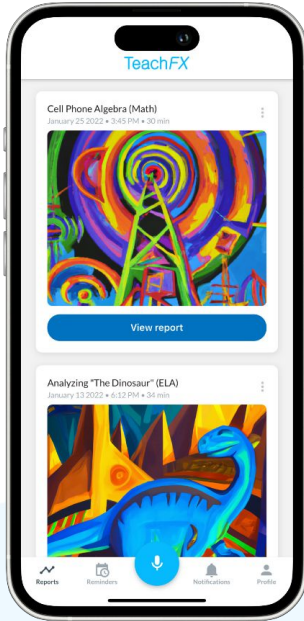

**You can hear
yourself teach, you
can hear what your
kids are saying, and
you can just grow.**
